**School Ends Merrily with
Outing at Eldora
Park**

BIG DAY OF ENJOYMENT

**Amusement Devices Besieged
by Children—Sports
Program Held**

Friday was an eventful day in the history of the 1911-1912 school term, it being the occasion of the annual school picnic at Eldora Park and marking the close of school. After a day of glorious fun the children began their three months vacation this morning. With conditions perfect the picnic at Eldora Park was one of the most enjoyed and one of the most successful school outings ever held. In the neighborhood of 2,000 children with their parents and friends spent the day at the park as the guests of the board of education and the park management.

According to the usual custom each child was given a certain number of free tickets to the park amusement. Rides on the roller coaster and merry-go-round represented heaven to the joyous young folks. Hardly had the happy crowd made its way into the park until these two places were besieged and captured. Throughout the entire day groups of children and their parents were about these two places awaiting their turns. There was unending delight.

The refreshing shade of the stately veteran oaks and maple trees and the delightful green of the grassy slope enticed many of the older folks, who sat and whiled away the hours under their beneficent influence enjoying the bracing and fresh country air.

Contrary to the custom in past years when the school picnic was served there was no free lunch counter maintained by the teachers and members of the school board. This left them free to enjoy the day, and they did enjoy it. They rivaled the children in their eagerness for diversion, so that the time for the special cars bringing home the picnickers arrived all too soon.

During the afternoon a program of sports was held which proved an unusually attractive feature. The course was lined by people as the various contests were decided. Prizes were awarded the winners of the events. The following were the various winners, together with the prizes:

100-yard dash for boys below 7th grade—Won by F. Thomson; second Linn Lowstutter. First prize, first baseman's glove; second fielder's glove.

50-yard dash for girls of 5th, 6th and 7th grades—Won by Thelma Duval, Frances Martinet. First prize, coin purse and chain; second, set of hair ribbons.

100-yard dash for boys of 7th and 8th grades—Won by Charles Lowstutter, second, Chester Stahlman. First prize, running suit; second, pair tennis shoes.

100-yard dash for girls below 5th grade—Won by Catherine Perry, second Gusta Pelzer. First prize, gold bracelet; second, set of hair ribbons. Sack race—Won by Thomas Bailey, second Willard Latchem. First

Insurgents Call Meeting

**Dissatisfied Miners Prepare
For Convention in
Pittsburg**

Following in the wake of the investigating committee, appointed by the international officials of the Mine Workers, which is investigating the charges of fraud at the last election of District No. 5 in Pittsburg, the insurgents of the district have issued a call for a district convention to be held in Pittsburg in June. This call, however, does not have the sanction of the international officials, and it is stated locals are warned not to elect delegates or take part in the proposed convention.

**Knights Templar Com-
manderies to Meet in
Conclave Next Week**

PITTSBURG DECORATED

According to latest reports the parade of Knights Templar next Tuesday at Pittsburg, which will be one of the leading features of the fifty-ninth annual conclave will be even more brilliant than at first anticipated. Each commandery will march under its own banner, and there will be 52 in the glittering line, 46 from Pennsylvania, five from Ohio and one from as far away as Richmond, Va. The conclave will extend from Monday until Wednesday inclusive. For the occasion special train and trolley service has been arranged by all the companies having lines leading into the city. Extra cars will be operated on all trolley lines Tuesday.

McKean Commandery No. 80, Knights Templar of Charleroi will go to Pittsburg in a body Tuesday morning on the 7:40 train. A special rate to Pittsburg has been provided on the Monongahela division by reason of the conclave.

Pittsburg is in gala attire. Decorating was begun a week ago, and now the whole city is emblazoned with color, the emblems of the crusaders forming the most conspicuous decorations.

CARNIVAL DANCER PERFORMS ON TABLE

**Famous Seeley Dinner Surpassed it is Said by
Celebration of Young Bloods at
Kittanning Affair**

Kittanning people are all "het" up over the aftermath of a carnival held under the auspices of the volunteer firemen of that town. The carnival proper was "clean" enough—under the supervision of the authorities, but a little side issue that was pulled off is what has stirred up the good people of Armstrong's county capital.

It seems that with the carnival company was a very bewitching individual known as the "Princess Sultana." In towns like Kittanning, where the carnival shows are guaranteed to "come clean," the Princess had very little to do, but when the carnival held forth in places like Wiroton, Monessen's wild and woolly suburb, she was usually the chief attraction to audiences composed of "men only."

Now Kittanning, like every other community has some dead game sports who did not like to see the Princess Sultana waste her possibilities on the desert air, so a company of young bucks Saturday night after

the carnival closed, arranged a dinner something on the Seeley order, in a hall they engaged for the occasion, at which the Princess was the guest of honor. Not only was she that, but she is said to have been the only "lady" present.

Well, what was done at the dinner was a plenty. In fact it is not prudent to go too much into details. Suffice it to say the Seeley "doings" in New York in which "Little Egypt" figured, were duplicated and the Princess Sultana is said to have executed the Salome on the table amid the dishes, clothed in her beads and a smile. In the company is said to have been the sons and husbands of some of the socially elect, and that served to make matters worse.

The matter was "investigated," and four members of one of the host companies, who participated in the festivities, were dropped from membership. Now Kittanning people with one accord declare for no more carnivals.

FULFILLS PROMISE; SPEECH IS HUMMER

**Hon. Edward Callaghan Treats Problem of De-
monetization of Silver--Tells Few Things
About Certain Senators**

"The crime of 1872," which some people characterize the act of Congress demonetizing silver, was one of the themes of Hon. Edward Callaghan's street address in Charleroi on Friday evening, in his campaign for the Democratic nomination for the Presidency of the United States. It was Mr. Callaghan's intention to have taken up the pluck-me store issue in this state and the part he took in abolishing the iniquitous store order, but so much time was consumed in discussing the other issues that the pluck-me store question was not reached.

The act demonetizing silver, Mr. Callaghan stated, was sneaked through without the members of Congress and the people generally being aware of it. Passages were read by Mr. Callaghan from the Congressional reports to substantiate this statement. Such statesmen as Bright of Tennessee, Cannon of Illinois, Gar-

field of Ohio and Allison of Iowa were quoted as not being aware of the crime of silver demonetization, and even President Grant was not aware of the purport of the bill when he signed it.

This crime was attributed to Senator Sherman of Ohio who in after years to ease his conscience, Mr. Callaghan said, drafted an anti-trust law, which was a real preventive of trusts, but the corporation lawyers went over it, and Senator Edmunds rewrote the law which is the present ineffective anti-trust law. Special privileges were bitterly assailed by Mr. Callaghan who urged the true principles of Democracy as the means of relief from the oppression of the trusts and corporations. Mr. Callaghan is billed to speak at California tonight. This morning he received a letter from Senator O'Gorman of New York acknowledging receipt of a copy of his speech and expressing interest in his candidacy.

WASHINGTON TAX THIRTEEN MILLS

**Budget of Expense Proves
Necessity of Amount--How

At the adjourned meeting of the Washington council Thursday night, that body adopted the report of the finance committee recommending a tax of 7 mills for the year's contingent expenses.

Council also adopted the committee's recommendation of a tax levy of 6 mills to cover the bonded indebtedness, interest and tax falling due, where is shown by their report to be \$53,679.43.

This action fixes the tax levy at 13 mills for next year, the same as for the past year.

In submitting its report the finance committee advocated the commission form of government in the following language:

"While preparing this report the members of your Finance Committee were much impressed with the advantages which would accrue to Washington if we had the commission form

WASHINGTONIANS DEFEAT BAPTISTS

**McClintock Holds Down Lin-
dsay's Aggregation to
Three Hits**

The Washington Avenue Presbyterians had little trouble whipping the Baptist in five and a half innings Friday night. So far as games go, it was a rather one sided exhibition featuring largely by the heavy hitting of the Washingtonians. Donahue, the Baptist sensation of the league last season was on the mound for that team, but things didn't break right for him, with the result that the slugger wearing the W. A. letters cleared up the market for 10 safeties. McClintock, who was wanted and wanted badly by Salem in the O. and P. league did the twirling stunt for the Washington Avenue and did it with a grace so that there were only three hits chalked up in the Baptist column.

The Baptists scored their lonely tally first. Nutt came in the second inning, when Kearnes got hit by the pitcher and worked his way around. The Washington Avenue scored five in their half of the same inning on four hits, a base on balls and two stolen bases. Two of the hits this time were three baggers and one a double. One run was scored in the third when Mitchell was hit by the pitcher and brought around by a couple of singles. Nutt made a home

**Big Crowd Well Handled by
Trolley Company--Buchan-

Twelve special cars were used by the Pittsburg-Charleroi line to care for the large crowds going to and from Eldora Park Friday, where the Charleroi School picnic was held. C. R. Buchanan, division superintendent, personally supervised the work of loading and unloading, and systematized things so that there was no disorder and no accidents. In the morning there was some delay in traffic experienced when the power house at Brunot's Island balked. The work of furnishing power was shifted to the Rankin power house, and it refused to stand the strain with the result that for a time there was not a car running on any of the lines of the Pittsburg Railways company. This, however, did not interfere to any great extent with the Charleroi picnic.

QUOTE ACT OF ASSEMBLY

**Not Permitted to Drive Past
Cars Receiving or Dis-
charging Passengers**

Some complaints have been heard about the streets recently of violations of the laws governing the regulation of the driving of motor vehicles. A few weeks ago objections were made to automobilists using Fifth street for a testing ground. Now the objection is to drivers of motor vehicles driving past street passenger cars, while passengers are being taken on or discharged. It is claimed several instances have been noted of this violation and it is stated in a few cases people narrowly escaped being injured.

Not only Charleroi but Monongahela and other towns and cities along the Monongahela valley are complaining of the violation. A copy of the law on the matter follows, being a portion of Section 14, of an Act of the Assembly of 1909:

"When a motor vehicle meets or overtakes a street passenger car which has stopped for the purpose of taking on or discharging passengers the motor-vehicle shall not pass a car on the side on which passengers who have alighted shall have gotten safely to the side of the road."

In another section the fine for violation of the act is given as not less than \$10 nor more than \$25 for the first offense, not less than \$25 nor more than \$50 for the second offense and \$50 to \$200 for the third offense.

**Clyde Coal Company's
Mine Closed by Rea-

KICK ON WAGE SCALE

Officials of the miners' organization are hopeful that the strike at the mine of the Clyde company near Fredericktown which has been in progress since April 1 will be settled shortly. The men struck there for the Pittsburg scale agreed upon at the Cleveland convention, and the mine has been idle ever since. For the past four years the mine has been operated non-union, and it is stated that prices paid for mining have been as low as 50 cents for a three-ton car of coal. Conditions were so bad, it is said, that the men struck for the new scale when it went into effect in the Pittsburg district. The operators have made some concessions, but the men are standing out for the scale as paid elsewhere in the district.

A meeting of the miners was held Thursday at which the men voted to stay out a year if necessary. The meeting was addressed by National Organizer Walter Montgomery and Assemblyman William Feeney. It is stated that the company is very anxious to resume operations, and a settlement is expected soon.

SIGNS OF PROGRESS.

To say that because there is today three times as much social unrest as there was 25 years ago, therefore social conditions are three times as deplorable, would be absurd, says Rev. Charles Stelze. No one would insist that the present uprising among the peasantry of Europe and Asia indicates that conditions in this century are worse than they were when the common people were too thoroughly under subjection to protest, no matter what their condition.

The world is growing better. Crime seems blacker because there's more light to set it off. The present social unrest is one of the most hopeful signs of the times. Social conditions in New York City, for instance, were relatively worse 100 years ago than they are today.

There were never so many agencies at work in our cities to purify them. For years the church and labor have been raising the standard of living among working people, each in its own sphere. Only the pessimist sees the eddy in the stream, which seems to indicate a backward course. The flood in the midst of the stream shows the real tendency.

A DELIGHTFUL OUTING.

The school picnic held at Eldora park yesterday was one of the most delightful outings ever given to the children of Charleroi. An ideal day, with Nature in the full bloom of all her piquet, green grass, unbragous shade, with the sensations and thrills of the park amusements at their disposal, all combined to make the day a memorable one to the juveniles of Charleroi.

This outing was all the more delightful after the hard work and restraint of the long school term just ended. To many of the children it will be the one bright spot of the whole year. Many of them will not get to the park again this year, and many will not even ride on the street cars again during the season. To these the outing means much and the pleasure it conferred on this class alone makes it worth all the effort of those who generously donated their time to help manage the outing. Eldora park is a delightful outing resort, and the elders who spent the whole or part of the day there with the school children are better off today for the rest they enjoyed in the open.

ELECTRIC SPARKS

If there is anything more tantalizing than a cold in cold weather it is a cold in hot weather.

How in the world is a fellow going to pay any attention to the bewhiskered bit of advice about the draught when it is 192 in the shade and he has to have the electric fan breaking speed records.

Take circus day and you can usually get an electric fan to run twice as fast and make four times as much noise as it does on an ordinary day.

The most aggravating thing in the world is to be found at a place where a 10-year old has been in a hour as the time is passing. The torture is so severe that any one at the serious playing house the rest of the day.

Perpetual franchises bid fair to be good museum spectacles in a few years.

Some people seem to consider school teaching and life sentence the same thing.

If McKinley were living today he could afford to sit back and enjoy the campaign with the same kind of enjoyment that a newspaper man does a prize fight.

PICKED UP IN PASSING

"Peculiar tests are given people to determine whether or not they are insane," said a Charleroi man Thursday. "How they find from them anything about a man's mentality is a question, but the experts seem to think they know, so we have to let it go at that. Some of the tests given to Rev. C. T. V. Richeson, who went to death for the murder of his sweet-heart, Avis Linnell, I read in a paper the other day. Here is the clipping:

"Mr. Richeson can you sing?" asked one of the doctors.

"Oh, yes," replied Richeson, "I can sing."

"Will you sing for us?"

"Certainly, what shall I sing?"

"Oh anything."

Then Richeson sang two verses of an old love song in a low but clear voice.

"Where did you learn that song?" he was asked.

"I was taught it when I studied elocution," he replied.

"Yes, I can whistle."

"Yes, I can whistle."

"Will you please whistle for us?"

Richeson whistled softly a verse of a hymn. It was one of the most familiar of the church hymns.

Here are some of the other tests to which Richeson was subjected:

His knee caps were tapped with silver hammers.

He was blindfolded and made to jump, first on one foot and then on the other.

He was pricked all over his body with a gold pin.

His eyelids were twisted this way and that.

He was forced to hold his hands extended so that the trembling of the fingers might be observed.

He was put through a brisk series of gymnastic "stunts."

He was made to hop about the room semi-nude.

He was questioned vigorously on incidents in his life for a year back.

He was made to walk a tape, stretched along the floor.

He was made to squat down on his heels and then rise again, his eyes blindfolded, time and again.

He was tapped on the tendon above the heel with the little silver hammer.

At the end of seven hours of the examination, the long strain broken only by a recess for lunch he walked steadily to his room, hope and confidence in his haggard face, while the exhausted attendants sped in taxicabs to their homes.

Speaking of the craze of American girls to marry titled foreigners, a woman who lives not a thousand miles from Charleroi is quoted as expressing her opinion in the following terse language:

"Yes, I'm opposed to American girls marryin' furriners. I'm just that opposed that if my own girls can't marry people of their own sex they needn't marry at all, and that's all there is about it."

"While with a commission composed of three men every member would know exactly what was going on and the expenses of the borough could be kept as low as would be consistent with the borough's actual needs."

The estimated budget of expenses for the borough for the ensuing year is \$73,067.67. The assessed valuation of the borough of Washington is \$11,471,215.

The finance committee recommends that the number of patrolmen be reduced to nine and that the salaries of patrolmen be \$65 per month, beginning June 1, 1912 and the salaries of the four firemen remain at \$75 per month. The amount required will then be as follows:

Burgess \$1,000.
Solicitor \$1,200.
Secretary, \$1,500.
Engineer, \$1,500.
Janitor, \$240.
Sewer inspector, \$720.

Four firemen \$3,120.
Chief of police, \$1,200.
Nine patrolmen (March, April and May, 1912) at \$70 per month, \$2,319.
Nine patrolmen, June 1, 1912, to March 1, 1913, \$5,265.
The following appropriations were recommended:
Salary account, \$21,235.
Street account, \$7,322.
Fire account, \$1,930.
Board of Health account, \$1,920.
Light and Heat account, \$18,919.60.

SIGNS OF PROGRESS.

To say that because there is today three times as much social unrest as there was 25 years ago, therefore social conditions are three times as deplorable, would be absurd, says Rev. Charles Steize. No one would insist that the present uprising among the peasantry of Europe and Asia indicates that conditions in this century are worse than they were when the common people were too thoroughly under subjection to protest, no matter what their condition.

The world is growing better. Crime seems blacker because there's more white to set it off. The present social unrest is one of the most hopeful signs of the times. Social conditions in New York City, for instance, were relatively worse 100 years ago than they are today.

There were never so many agencies at work in our cities to purify them. For years the church and labor have been raising the standard of living among working people, each in its own sphere. AMONG THE THEATRES

THE PALACE—CHARLEROI.

One of the innovations recently adopted at the Palace Theatre is that of continuous shows. Heretofore it was the custom to have a three-minute wait between each show, in order to give the orchestra a breathing spell. Now performances will be continuous, a feature that will be greatly appreciated by the audiences. A splendid detective story was a feature this week, which showed how a clever sleuth ran down and arrested a gang of counterfeiters. The process was carried out in a manner that would have done credit to W. J. Burnes himself. The Pathe Weekly was replete with good things, one of the best features being a baseball game on the Polo grounds at New York between the Nationals of that city and Boston. Herzog's home run was graphically shown. A ski contest in Norway, a visit of the German Kaiser to Bremen, and the funeral of General Frederick Grant were also shown, as well as the cable ship, which brought home the bodies of the ill-fated Titanic. "The Wedding Feast" "Where the Money Went," and the "Wooden Bow" were some of the strong photo-plays of the week. Manager Barnhart has some big features in prospect, which he will announce as soon as they are released.

THE STAR—CHARLEROI.

A big three-reel feature at the Star Theatre this week was "A Victim of the Mormons." This showed some of the dark deeds of the sect which, entrenched in their desert fastness in Great Salt Lake City for a time defied even the United States Government and took law and social government into their own hands. Other great films of the week were "A Love of Long Ago," "Checkmate," "The Girl of the Grove," "The New Village Doctor," "The Unending Love and Scenes From the Titanic." "After the Carnival" was also a pleasing drama. Manager Cowan announces that he has some big features in prospect which will be secured as soon as released.

THE COYLE—CHARLEROI

In addition to the regular repertoire of the latest and best films Manager R. S. Coyle had a big feature at the Coyle Theatre this week, which was presented Wednesday. This was Wilson Barrett's famous story, "The Sign of the Cross." This thrilling story of the Christian martyrs was a two-reel hand colored film, which showed the persecution of the Christian forefathers by pagan Rome. Showing the primitive life led by the outcast Christians, the picture gave the sumptuous court scenes of Nero, with his court of beautiful women, and the thrilling scene of the Christians thrown to the fury of the wild lions of the coliseum. Accompanying the picture, which required 500 people in the cast and \$36,000 to produce, was an excellent lecture by Miss Lydia M. Jones, a most talented speaker, who gave a graphic description of the great historical event shown in the pictures. Among the leading picture plays of the week were "The Staff of Life," "From the Path Direct," and "The Signal Code," a story of the most guarded book in the world.

Contest Directions—
READ CAREFULLY:

To make the name Strohber well known in every home we have inaugurated this great word contest. Take the two words STROHBER PIANO, and see how many words you can make, using only the letters contained in the two words STROHBER PIANO. Use any of these letters as many times in a word as necessary. Use any letter in either word to spell words.

EXAMPLE 1—In the word STROHBER you have the letters of which you can make the word HER or the word STORE or the word TREE. The letters used in the words HER and STORE and TREE are all found in Strohber.

EXAMPLE 2—In the word PIANO you have the letters of which you can make the word PAN or the word PIN. The letters used in both the words PAN and PIN are found in PIANO.

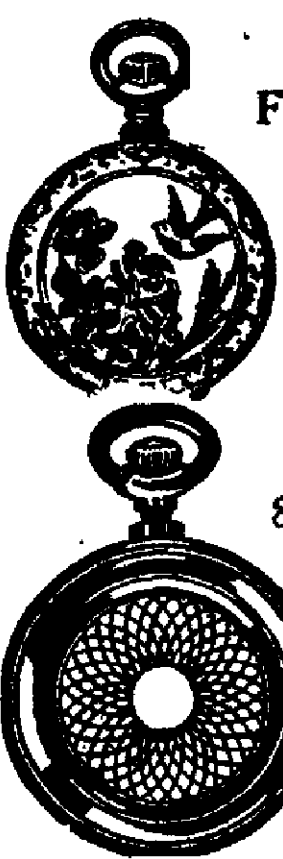

EXAMPLE 3—In the word STROHBER PIANO you have the letters of which you can make the word STRAIN and NEAR. To the person making the greatest number of words of the letters in STROHBER PIANO we will give absolutely free this fully equipped new 1912 model 4-Passenger Ford Automobile. To the person making the next greatest number of words from the letters in STROHBER PIANO we will give absolutely free this famous 88-Note Strohber Player Piano.

To all other persons making the next greatest number of words from the letters contained in the two words STROHBER PIANO we will give absolutely free the above prizes as listed and in order of merit. All words must be those contained in Webster's Unabridged Dictionary. Replies must be at our office or mailed to us at the close of the contest. Only one person in a family can enter. In event of a tie duplicate premiums will be given. All persons entering this contest will receive free a premium. You will be notified by mail and all prizes must be called for within ten days from closing of contest.

For many years piano manufacturers and dealers have tried to reduce selling expense of pianos. The old way of paying solicitors, paying music teachers commissions and engaging great artists in the place of pianos at college parties are being eliminated. Now it is the question of the best advertised piano, and one in which the purchasers are given the greatest possible value. This is the age of co-operation and the manufacturers correctly believe that the best way to market and introduce their product is to spend the advertising money in making special offers to the people rather than employing world-famous demonstrators at fabulous expense and making the people pay for such methods by asking a greatly inflated price for the piano. We know you will appreciate this extraordinary offer.

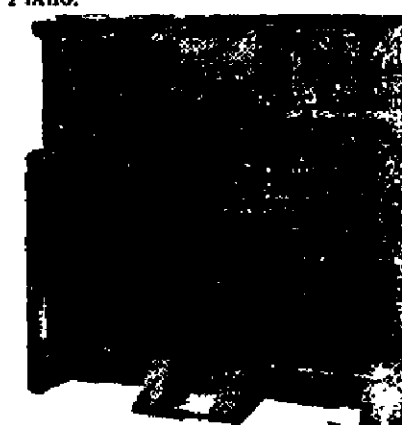

Reach your answer today. Contest closes June 30th, 1912, 5 P. M. Strohber Piano Co., World's Largest Manufacturers of High-Grade Pianos. (Capital \$1,000,000.00). Factories Chicago and Milwaukee. AMONG THE THEATRES

THE PALACE—CHARLEROI.

One of the innovations recently adopted at the Palace Theatre is that of continuous shows. Heretofore it was the custom to have a three-minute wait between each show, in order to give the orchestra a breathing spell. Now performances will be continuous, a feature that will be greatly appreciated by the audiences. A splendid detective story was a feature this week, which showed how a clever sleuth ran down and arrested a gang of counterfeiters. The process was carried out in a manner that would have done credit to W. J. Burnes himself. The Pathe Weekly was replete with good things, one of the best features being a baseball game on the Polo grounds at New York between the Nationals of that city and Boston. Herzog's home run was graphically shown. A ski contest in Norway, a visit of the German Kaiser to Bremen, and the funeral of General Frederick Grant were also shown, as well as the cable ship, which brought home the bodies of the ill-fated Titanic. "The Wedding Feast" "Where the Money Went", and the "Wooden Bowl" were some of the strong photo-plays of the week. Manager Barnhart has some big features in prospect, which he will announce as soon as they are released.

THE STAR—CHARLEROI.

A big three-reel feature at the Star Theatre this week was "A Victim of the Mormons." This showed some of the dark deeds of the sect which, entrenched in their desert fastness in Great Salt Lake City for a time defied even the United States Government and took law and social government into their own hands. Other great films of the week were "A Love of Long Ago," "Checkmate," "The Girl of the Grove," "The New Village Doctor," "The Unending Love and "Scenes From the Titanic." "After the Carnival" was also a pleasing drama. Manager Cowan announces that he has some big features in prospect which will be secured as soon as released.

THE COYLE—CHARLEROI

In addition to the regular repertoire of the latest and best films Manager R. S. Coyle had a big feature at the Coyle Theatre this week, which was presented Wednesday. This was Wilson Barrett's famous story, "The Sign of the Cross." This thrilling story of the Christian martyrs was a two-reel hand colored film, which showed the persecution of the Christian forefathers by pagan Rome. Showing the primitive life led by the outcast Christians, the picture gave the sumptuous court scenes of Nero, with his court of beautiful women, and the thrilling scene of the Christians thrown to the fury of the wild lions of the coliseum. Accompanying the picture, which required 500 people in the cast and \$30,000 to produce, was an excellent lecture by Miss Lydia M. Jones, a most talented speaker, who gave a graphic description of the great historical event shown in the pictures. Among the leading picture plays of the week were "The Staff of Ages," "From the Path Direct," and "The Signal Code," a story of the most guarded book in the world.

PICNIC CONSTITUTES TERM CLOSING FEATURE

**School Ends Merrily with
Outing at Eldora
Park**

BIG DAY OF ENJOYMENT

**Amusement Devices Besieged
by Children—Sports
Program Held**

Friday was an eventful day in the history of the 1911-1912 school term, it being the occasion of the annual school picnic at Eldora Park and marking the close of school. After a day of glorious fun the children began their three months vacation this morning. With conditions perfect the picnic at Eldora Park was one of the most enjoyed and one of the most successful school outings ever held. In the neighborhood of 2,000 children with their parents and friends spent the day at the park as the guests of the board of education and the park management.

According to the usual custom each child was given a certain number of free tickets to the park amusements. Rides on the roller coaster and merry-go-round represented heaven to the joyous young folks. Hardly had the happy crowd made its way into the park until these two places were besieged and captured. Throughout the entire day groups of children and their parents were about these two places awaiting their turns. There was unending delight.

The refreshing shade of the stately veteran oaks and maple trees and the delightful green of the grassy slope enticed many of the older folks, who sat and whiled away the hours under their beneficent influence enjoying the bracing and fresh country air.

Contrary to the custom in past years when the school picnic was served there was no free lunch counter maintained by the teachers and members of the school board. This left them free to enjoy the day, and they did enjoy it. They rivalled the children in their eagerness for diversion, so that the time for the special cars bringing home the picnickers arrived all too soon.

During the afternoon a program of sports was held which proved an unusually attractive feature. The course was lined by people as the various contests were decided. Prizes were awarded the winners of the events. The following were the various winners, together with the prizes:

100-yard dash for boys below 7th grade—Won by F. Thomson; second, Linn Lowstutter. First prize, first baseman's glove; second, fielder's glove.

50-yard dash for girls of 5th, 6th and 7th grades—Won by Thelma Duvall, Frances Martinet. First prize, coin purse and chain; second, set of hair ribbons.

100-yard dash for boys of 7th and 8th grades—Won by Charles Lowstutter, second, Chester Stahlman. First prize, running suit; second, pair tennis shoes.

100-yard dash for girls below 5th grade—Won by Catherine Perry, second, Gusta Pelzer. First prize, gold bracelet; second, set of hair ribbons. Sack race—Won by Thomas Bailey, second, Willard Latchem. First

**Knights Templar Com-
manderies to Meet in
Conclave Next Week**

PITTSBURG DECORATED

According to latest reports the parade of Knights Templar next Tuesday at Pittsburg, which will be one of the leading features of the fifty-ninth annual conclave will be even more brilliant than at first anticipated. Each commandery will march under its own banner, and there will be 52 in the glittering line, 46 from Pennsylvania, five from Ohio and one from as far away as Richmond, Va. The conclave will extend from Monday until Wednesday inclusive. For the occasion special train and trolley service has been arranged by all the companies having lines leading into the city. Extra cars will be operated on all trolley lines Tuesday.

McKean Commandery No. 80, Knights Templar of Charleroi will go to Pittsburg in a body Tuesday morning on the 7:40 train. A special rate to Pittsburg has been provided on the Monongahela division by reason of the conclave.

Pittsburg is in gala attire. Decorating was begun a week ago, and now the whole city is embellished with color, the emblems of the crusaders forming the most conspicuous decorations.

CARNIVAL DANCER PERFORMS ON TABLE

**Famous Seeley Dinner Surpassed it is Said by
Celebration of Young Bloods at
Kittanning Affair**

Kittanning people are all "het" up over the aftermath of a carnival held under the auspices of the volunteer firemen of that town. The carnival proper was "clean" enough—under the supervision of the authorities, but a little side issue that was pulled off is what has stirred up the good people of Armstrong's county capital.

It seems that with the carnival company was a very bewitching individual known as the "Princess Sultana." In towns like Kittanning where the carnival shows are guaranteed to "come clean," the Princess had very little to do, but when the carnival held forth in places like Wireton, Monaca's wild and woolly character, she was usually the chief attraction to audiences composed of "mer only."

Now Kittanning, like every other community has some dead game sports who did not like to see the Princess Sultana waste her possibilities on the desert air, so a company of young bucks Saturday night after the carnival closed, arranged a dinner something on the Seeley order, in a hall they engaged for the occasion at which the Princess was the guest of honor. Not only was she that, but she is said to have been the only "lady" present.

Well, what was done at the dinner was a plenty. In fact it is not prudent to go too much into details. Suffice it to say the Seeley "goings" in New York in which "Little Egypt" figured, were duplicated and the Princess Sultana is said to have executed the Salome on the table amid the dishes, clothed in her beads and a smile. In the company is said to have been the sons and husbands of some of the socially elect, and that served to make matters worse.

The matter was "investigated," and four members of one of the host companies, who participated in the festivities, were dropped from membership. Now Kittanning people with one accord declare for no more carnivals.

FULFILLS PROMISE; SPEECH IS HUMMER

**Hon. Edward Callaghan Treats Problem of De-
monetization of Silver--Tells Few Things
About Certain Senators**

"The crime of 1872," which some people characterize the act of Congress demonetizing silver, was one of the themes of Hon. Edward Callaghan's street address in Charleroi on Friday evening, in his campaign for the Democratic nomination for the Presidency of the United States. It was Mr. Callaghan's intention to have taken up the pluck-me store issue in this state and the part he took in abolishing the iniquitous store order, but so much time was consumed in discussing the other issues that the pluck-me store question was not reached.

The act demonetizing silver, Mr. Callaghan stated, was sneaked through without the members of Congress and the people generally being aware of it. Passages were read by Mr. Callaghan from the Congressional reports to substantiate this statement. Such statesmen as Bright of Tennessee, Cannon of Illinois, Gar-

WASHINGTON TAX THIRTEEN MILLS

**Budget of Expense Proves
Necessity of Amount--How
Division is Made**

At the adjourned meeting of the Washington council Thursday night, that body adopted the report of the finance committee recommending a tax of 7 mills for the year's contingent expenses. Council also adopted the committee's recommendation of a tax levy of 6 mills to cover the bonded indebtedness, interest and tax falling due, where is shown by their report to be \$53,679.43.

This action fixes the tax levy at 13 mills for next year, the same as for the past year. In submitting its report the finance committee advocated the commission form of government in the following language:

"While preparing this report, the members of your Finance Committee were much impressed with the advantages which would accrue to Washington if we had the commission form."

COMPLAIN AUTOISTS DO NOT OBSERVE LAW

**Twelve Extra
Cars are Run**

**Big Crowd Well Handled by
Trolley Company--Buchan-
an Personally Supervises**

Twelve special cars were used by the Pittsburg-Charleroi line to care for the large crowds going to and from Eldora Park Friday, where the Charleroi School picnic was held. C. R. Buchanan, division superintendent, personally supervised the work of loading and unloading, and systematized things so that there was no disorder and no accidents. In the morning there was some delay in traffic experienced when the power house at Brunot's Island balked. The work of furnishing power was shunted to the Rankin power house, and it refused to stand the strain with the result that for a time there was not a car running on any of the lines of the Pittsburg Railways company. This, however, did not interfere to any great extent with the Charleroi picnic.

MINERS ASK FOR CHANGES

**Clyde Coal Company's
Mine Closed by Rea-
son of Strike**

KICK ON WAGE SCALE

Officials of the miners' organization are hopeful that the strike at the mine of the Clyde company near Fredericktown which has been in progress since April 1 will be settled shortly. The men struck there for the Pittsburg scale agreed upon at the Cleveland convention, and the mine has been idle ever since. For the past four years the mine has been operated non-union, and it is stated that prices paid for mining have been as low as 50 cents for a three-ton car of coal. Conditions were so bad, it is said, that the men struck for the new scale when it went into effect in the Pittsburg district. The operators have made some concessions, but the men are standing out for the scale as paid elsewhere in the district.

A meeting of the miners was held Thursday at which the men voted to stay out a year if necessary. The meeting was addressed by National Organizer Walter Montgomery and Assemblyman William Feeney. It is stated that the company is very anxious to resume operations, and a settlement is expected soon.

Ray Kent went to Brinsbine today where he will visit his mother Mrs. Mary Kent.

QUOTE ACT OF ASSEMBLY

**Not Permitted to Drive Past
Cars Receiving or Dis-
charging Passengers**

Some complaints have been heard about the streets recently of violations of the laws governing the regulation of the driving of motor vehicles. A few weeks ago objections were made to automobilists using Fifth street for a testing ground. Now the objection is to drivers of motor vehicles driving past street passenger cars, while passengers are being taken on or discharged. It is claimed several instances have been noted of this violation and it is stated in a few cases people narrowly escaped being injured.

Not only Charleroi but Monongahela and other towns and cities along the Monongahela valley are complaining of the violation. A copy of the law on the matter follows, being a portion of Section 14, of an Act of the Assembly of 1909:

"When a motor vehicle meets or overtakes a street passenger car which has stopped for the purpose of taking on or discharging passengers the motor-vehicle shall not pass so close on the side on which passengers who have alighted shall have gotten safely to the side of the road."

In another section the fine for violation of the act is given as not less than \$10 nor more than \$25 for the first offense, not less than \$25 nor more than \$50 for the second offense and \$50 to \$200 for the third offense.

ORCHESTRA TO GIVE CONCERT AT PARK SUNDAY

Sunday will be observed at Eldora Park by a sacred concert in the afternoon and evening. Wheeler's orchestra has been engaged for the occasion, and special programs will be rendered at both concerts. The Friday night dance at the park was well attended a large company of young people from the nearby towns as well as Charleroi being in attendance.

Notice.

On and after June 1 the ordinance regulating the style and size of garbage cans to be used in the borough will be strictly enforced. All barrels and boxes found by the collector will be hauled away with their contents, and extra fees charged for receptacles found containing garbage in excess of the regulation can, which is 24 by 16 inches in size. SIGNS OF PROGRESS.

To say that because there is today three times as much social unrest as there was 25 years ago, therefore social conditions are three times as deplorable, would be absurd, says Rev. Charles Stelze. No one would insist that the present uprising among the peasantry of Europe and Asia indicates that conditions in this century are worse than they were when the common people were under subjection to protest, no matter what their condition.

The world is growing better. Crime seems blacker because there's more light to set it off. The present social unrest is one of the most hopeful signs of the times. Social conditions in New York City, for instance, were relatively worse 100 years ago than they are today.

There were never so many agencies at work in our cities to purify them. For years the church and labor have been raising the standard of living among working people, each in its own sphere. Only the pessimist sees the eddy in the stream, which seems to indicate a backward course. The flood in the midst of the stream shows the real tendency.

A DELIGHTFUL OUTING.

The school picnic held at Eldora park yesterday was one of the most delightful outings ever given to the children of Charleroi. An ideal day, with Nature in the full bloom of all her fiery, green grass, unbragging shade, with the sensations and thrills of the park amusements at their disposal, all combined to make the day a memorable one to the juveniles of Charleroi.

This outing was all the more delightful after the hard work and restraint of the long school term just ended. To many of the children it will be the one bright spot of the whole year. Many of them will not get to the park again this year, and many will not even ride on the street cars again during the season. To these the outing means much and the pleasure it conferred on this class alone makes it worth all the efforts of those who generously donated their time to help manage the outing. Eldora park is a delightful outing resort, and the elders who spent the whole or part of the day there with the school children are better off today for the rest they enjoyed in the open.

ELECTRIC SPARKS

If there is anything more tantalizing than a cold in cold weather it is a cold in hot weather.

How in the world is a fellow going to pay any attention to the bewhiskered bit of advice about the draught when it is 192 in the shade and he has to have the electric fan breaking speed records.

Take circus day and you can usually get an electric fan to run twice as fast and make four times as much noise as it does on an ordinary day.

One of the most aggravating things in the world is to board at a place where a brilliant 10-year old has a piano hour as the time for piano torture so she will have any time at the serious business of playing house the rest of the day.

Perpetual franchises bid fair to be good museum spectacles in a few years.

Some people seem to consider school learning and life sentence the same thing.

If they were living today he could afford to sit back and enjoy the campaign with the same kind of enjoyment that a newspaper man does a prize fight.

PICKED UP IN PASSING

"Peculiar tests are given people to determine whether or not they are insane," said a Charleroi man Thursday. "How they find from them anything about a man's mentality is a question, but the experts seem to think they know, so we have to let it go at that. Some of the tests given to Rev. C. T. V. Richeson, who went to death for the murder of his sweetheart, Avis Linnell, I read in a paper the other day. Here is the clipping:

"Mr Richeson can you sing?" asked one of the doctors.

"Oh, yes," replied Richeson, "I can sing."

"Will you sing for us?"

"Certainly, what shall I sing?"

"Oh anything."

Then Richeson sang two verses of an old love song in a low but clear voice.

"Where did you learn that song?" he was asked.

"I was taught it when I studied elocution," he replied.

"Yes, I can whistle."

"Yes, I can whistle."

"Will you please whistle for us?"

Richeson whistled softly a verse of a hymn. It was one of the most familiar of the church hymns.

Here are some of the other tests to which Richeson was subjected:

His knee caps were tapped with silver hammers.

He was blindfolded and made to jump, first on one foot and then on the other.

He was pricked all over his body with a gold pin.

His eyelids were twisted this way and that.

He was forced to hold his hands extended so that the trembling of the fingers might be observed.

He was put through a brisk series of gymnastic "stunts."

He was made to hop about the room semi-nude.

He was questioned vigorously on incidents in his life for a year back.

He was made to walk a tape, stretched along the floor.

He was made to squat down on his heels and then rise again, his eyes blindfolded, time and again.

He was tapped on the tendon above the heel with the little silver hammer.

At the end of seven hours of the examination, the long strain broken only by a recess for lunch he walked steadily to his room, hope and confidence in his haggard face, while the exhausted aliens sped in taxicabs to their homes.

Speaking of the craze of American girls to marry titled foreigners, a woman who lives not a thousand miles from Charleroi is quoted as expressing her opinion in the following terse language:

"Yes, I'm opposed to American girls marryin' furriners. I'm just that opposed that if my own girls can't marry people of their own sex they needn't marry at all, and that's all there is about it."

DOCTORS GAVE HER UP

Mrs. Stuart Finally Saved By Lydia E. Pinkham's Vegetable Compound—Her Story Interesting.

Elmo, Mo.—"I think your Vegetable Compound is wonderful for it has helped me. I had four doctors and they said I had female troubles and a tumor and nothing but an operation would help me. I could not sit still long enough to eat, and could sleep hardly any I was in so much misery with pains in my side and back.

"A year ago last spring my doctor gave me up, and he was surprised to see me this spring and to see my condition. I give Lydia E. Pinkham's Vegetable Compound the praise wherever I go for I know I would not be here today or have our fine baby boy if I had not taken it."

—Mrs. SARAH J. STUART, R.F.D. No. 2, Box 16, Elmo, Mo.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

as little, but by the time each committee adds a little to the expense the total amount added is a large sum.

"While with a commission composed of three men every meal would known exactly what was going on and the expenses of the borough could be kept as low as would be consistent with the borough's actual needs."

The estimated budget of expenses for the borough for the ensuing year is \$78,667.67. The assessed valuation of the borough of Washington is \$11,471,215.

The finance committee recommends that the number of patrolmen be reduced to nine and that the salaries of patrolmen be \$65 per month, beginning June 1, 1912 and the salaries of the four firemen remain at \$75 per month. The amount required will then be as follows:

Burgess \$1,000.
 Solicitor \$1,200.
 Secretary, \$1,500.
 Engineer, \$1,500.
 Janitor, \$240.
 Sewer inspector, \$720.
 Street commissioner, \$900.
 Fire chief, \$1,200.
 Four firemen \$3,120.
 Chief of police, \$1,200.
 Nine patrolmen (March, April and May, 1912) at \$70 per month, \$2,819.
 Nine patrolmen, June 1, 1912, to March 1, 1913, \$5,265.
 The following appropriations were recommended:
 Salary account, \$21,235.
 Street account, \$7,322.
 Fire account, \$1,930.
 Board of Health account, \$1,300.
 Light and Heat account, \$18,919.60.

AMONG THE THEATRES

THE PALACE—CHARLEROI.
One of the innovations recently adopted at the Palace Theatre is that of continuous shows. Therefore it was the custom to have a three-minute wait between each show, in order to give the orchestra a breathing spell. Now performances will be continuous, a feature that will be greatly appreciated by the audiences. A splendid detective story was a feature this week, which showed how a clever sleuth ran down and arrested a gang of counterfeiters. The process was carried out in a manner that would have done credit to W. J. Burnes himself. The Pathe Weekly was replete with good things, one of the best features being a baseball game on the Polo grounds at New York between the Nationals of that city and Boston. Herzog's home run was graphically shown. A ski contest in Norway, a visit of the German Kaiser to Bremen, and the funeral of General Frederick Grant were also shown, as well as the cable ship, which brought home the bodies of the ill-fated Titanic. "The Wedding Feast," where the Money Went, and the "Wooden Bowl" were some of the strong photo-plays of the week. Manager Barnhart has some big features in prospect, which he will announce as soon as they are released.

THE STAR—CHARLEROI.
A big three-reel feature at the Star Theatre this week was "A Victim of the Mormons." This showed some of the dark deeds of the sect which, entrenched in their desert fastness in Great Salt Lake City for a time defied even the United States Government and took law and social government into their own hands. Other great films of the week were "A Love of Long Ago," "Checkmate," "The Girl of the Grove," "The New Village Doctor," "The Unending Love" and "Scenes From the Titanic." "After the Carnival" was also a pleasing drama. Manager Cowan announces that he has some big features in prospect which will be secured as soon as released.

THE COYLE—CHARLEROI.
In addition to the regular repertoire of the latest and best films Manager R. S. Coyle had a big feature at the Coyle Theatre this week, which was presented Wednesday. This was Wilson Barrett's famous story, "The Sign of the Cross." This thrilling story of the Christian martyrs was a two-reel hand colored film, which showed the persecution of the Christian forefathers by pagan Rome. Showing the primitive life led by the outcast Christians, the picture gave the sumptuous court scenes of Nero, with his court of beautiful women, and the thrilling scene of the Christians thrown to the fury of the wild lions of the coliseum. Accompanying the picture, which required 500 people in the cast and \$30,000 to produce, was an excellent lecture by Miss Lydia M. Jones, a most talented speaker, who gave a graphic description of the great historical event shown in the pictures. Among the leading picture plays of the week were "The Staff of Life," "From the Path Direct," and "The Signal Code," a story of the most guarded book in the world.

Great Word Contest Directions— READ CAREFULLY:

To make the name Strohber well known in every home we have inaugurated this great word contest. Take the two words STROHBER PIANO, and see how many words you can make using only the letters contained in the two words STROHBER PIANO. Use any of these letters as many times in a word as necessary. Use any letter in either word to spell words.

EXAMPLE 1—In the word STROHBER you have the letters of which you can make the word HER or the word STORE or the word TREE. The letters used in the words HER and STORE and TREE are all found in Strohber.

EXAMPLE 2—In the word PIANO you have the letters of which you can make the word PAN or the word PIN. The letters used in both the words PAN and PIN are found in PIANO.

EXAMPLE 3—Mix the letters of both words when you must with such words as STRAIN and NEAR.

To the person making the greatest number of words of the letters in STROHBER PIANO we will give absolutely free this fully equipped new 1912 model 4-Passenger Ford Automobile. To the person making the next greatest number of words from the letters in STROHBER PIANO we will give absolutely free this famous 88-Note Strohber Player Piano.

To all other persons making the next greatest number of words from the letters contained in the two words STROHBER PIANO we will give absolutely free the above prizes as listed and in order of merit. All words must be those contained in Webster's Unabridged Dictionary. Replies must be at our office or mailed to us at the closing of this contest. Only one person in a family can enter. In event of a tie duplicate premiums will be given. All persons entering this contest will receive free a premium. You will be notified by mail and all prizes must be called for within ten days from closing of contest.

For many years piano manufacturers and dealers have tried to reduce selling expense of pianos. The old way of paying solicitors, paying music teachers commissions and engaging great artists to play their pianos at fabulous sums are being eliminated. Now it is the question of the best advertised piano, and one in which the purchasers are given the greatest possible value. This is the age of co-operation and the manufacturers correctly believe that the best way to market and introduce their product is to spend the advertising money in making special offers to the people rather than employing world-famous demonstrators at fabulous expense and making the people pay for such methods by asking a greatly inflated price for the piano. We know you will appreciate this extraordinary offer.

Rank your answer today. Contest closes June 30, 1912, 6 P. M.

PICNIC CONSTITUTES TERM CLOSING FEATURE

**School Ends Merrily with
Outing at Eldora
Park**

BIG DAY OF ENJOYMENT

**Amusement Devices Besieged
by Children—Sports
Program Held**

Friday was an eventful day in the history of the 1911-1912 school term, it being the occasion of the annual school picnic at Eldora Park and marking the close of school. After a day of glorious fun the children began their three months vacation this morning. With conditions perfect the picnic at Eldora Park was one of the most enjoyed and one of the most successful school outings ever held. In the neighborhood of 2,000 children with their parents and friends spent the day at the park as the guests of the board of education and the park management.

According to the usual custom each child was given a certain number of free tickets to the park amusements. Rides on the roller coaster and merry-go-round represented heaven to the joyous young folks. Hardly had the happy crowd made its way into the park until these two places were besieged and captured. Throughout the entire day groups of children and their parents were about these two places awaiting their turns. There was unending delight.

The refreshing shade of the stately veteran oaks and maple trees and the delightful green of the grassy slope enticed many of the older folks, who sat and whiled away the hours under their beneficent influence enjoying the bracing and fresh country air.

Contrary to the custom in past years when the school picnic was served there was no free lunch counter maintained by the teachers and members of the school board. This left them free to enjoy the day, and they did enjoy it. They rivaled the children in their eagerness for diversion, so that the time for the special cars bringing home the picnickers arrived all too soon.

During the afternoon a program of sports was held which proved an unusually attractive feature. The course was lined by people as the various contests were decided. Prizes were awarded the winners of the events. The following were the various winners, together with the prizes:

100-yard dash for boys below 7th grade—Won by F. Thomson; second Linn Lowstutter. First prize, first baseman's glove; second fielder's glove.

50-yard dash for girls of 5th, 6th and 7th grades—Won by Thelma Duval, Frances Martinet. First prize, coin purse and chain; second, set of hair ribbons.

100-yard dash for boys of 7th and 8th grades—Won by Charles Lowstutter, second, Chester Stahlman. First prize, running suit; second, pair tennis shoes.

100-yard dash for girls below 5th grade—Won by Catherine Perry, second Gusta Pelzer. First prize, gold bracelet; second, set of hair ribbons. Sack race—Won by Thomas Bailey, second Willard Latchem. First

**Knights Templar Com-
manderies to Meet in
Conclave Next Week**

PITTSBURG DECORATED

According to latest reports the parade of Knights Templar next Tuesday at Pittsburg, which will be one of the leading features of the fifty-ninth annual conclave will be even more brilliant than at first anticipated. Each commandery will march under its own banner, and there will be 52 in the glittering line, 46 from Pennsylvania, five from Ohio and one from as far away as Richmond, Va. The conclave will extend from Monday until Wednesday inclusive. For the occasion special train and trolley service has been arranged by all the companies having lines leading into the city. Extra cars will be operated on all trolley lines Tuesday.

McKean Commandery No. 80, Knights Templar of Charleroi will go to Pittsburg in a body Tuesday morning on the 7:40 train. A special rate to Pittsburg has been provided on the Monongahela division by reason of the conclave.

Pittsburg is in gala attire. Decorating was begun a week ago, and now the whole city is embellished with color, the emblems of the crusaders forming the most conspicuous decorations.

CARNIVAL DANCER PERFORMS ON TABLE

**Famous Seeley Dinner Surpassed it is Said by
Celebration of Young Bloods at
Kittanning Affair**

Kittanning people are all "het" up over the aftermath of a carnival held under the auspices of the volunteer firemen of that town. The carnival proper was "clean" enough—under the supervision of the authorities, but a little side issue that was pulled off is what has stirred up the good people of Armstrong's county capital.

It seems that with the carnival company was a very bewitching individual known as the "Princess Sultana." In towns like Kittanning, where the carnival shows are guaranteed to "come clean," the Princess had very little to do, but when the carnival held forth in places like Wireton, Monessen's wild and woolly society, she was usually the chief attraction to audiences composed of "men only."

Now Kittanning, like every other community has some dead game sports who did not like to see the Princess Sultana waste her possibilities on the desert air, so a company of young bucks Saturday night after the carnival closed, arranged a dinner something on the Seeley order, in a hall they engaged for the occasion, at which the Princess was the guest of honor. Not only was she that, but she is said to have been the only "lady" present.

Well, what was done at the dinner was a plenty. In fact it is not prudent to go too much into details. Suffice it to say the Seeley "dough" in New York in which "Little Egypt" figured, were duplicated and the Princess Sultana is said to have executed the Salome on the table amid the dishes, clothed in her beads and a smile. In the company is said to have been the sons and husbands of some of the socially elite, and that served to make matters worse.

The matter was "investigated," and four members of one of the horse companies, who participated in the festivities, were dropped from membership. Now Kittanning people with one accord declare for no more carnivals.

**Hon. Edward Callaghan Treats Problem of De-
monetization of Silver--Tells Few Things
About Certain Senators**

"The crime of 1872," which some people characterize the act of Congress demonetizing silver, was one of the themes of Hon. Edward Callaghan's street address in Charleroi on Friday evening, in his campaign for the Democratic nomination for the Presidency of the United States. It was Mr. Callaghan's intention to have taken up the pluck-me store issue in this state and the part he took in abolishing the iniquitous store order, but so much time was consumed in discussing the other issues that the pluck-me store question was not reached.

The act demonetizing silver, Mr. Callaghan stated, was sneaked through without the members of Congress and the people generally being aware of it. Passages were read by Mr. Callaghan from the Congressional reports to substantiate this statement. Such statesmen as Bright of Tennessee, Cannon of Illinois, Gar-

WASHINGTON TAX THIRTEEN MILLS

**Budget of Expense Proves

At the adjourned meeting of the Washington council Thursday night, that body adopted the report of the finance committee recommending a tax of 7 mills for the year's contingent expenses.

Council also adopted the committee's recommendation of a tax levy of 6 mills to cover the bonded indebtedness, interest and tax falling due, where is shown by their report to be \$53,679.43.

This action fixes the tax levy at 13 mills for next year, the same as for the past year.

In submitting its report the finance committee advocated the commission form of government in the following language:

"While preparing this report the members of your Finance Committee were much impressed with the advantages which would accrue to Washington if we had the commission form

COMPLAIN AUTOISTS DO NOT OBSERVE LAW

**Twelve Extra
Cars are Run**

**Big Crowd Well Handled by
Trolley Company--Buchan-
an Personally Supervises**

Twelve special cars were used by the Pittsburg-Charleroi line to care for the large crowds going to and from Eldora Park Friday, where the Charleroi School picnic was held. C. R. Buchanan, division superintendent, personally supervised the work of loading and unloading, and systematized things so that there was no disorder and no accidents. In the morning there was some delay in traffic experienced when the power house at Brunot's Island balked. The work of furnishing power was shunted to the Rankin power house, and it refused to stand the strain with the result that for a time there was not a car running on any of the lines of the Pittsburg Railway company. This, however, did not interfere to any great extent with the Charleroi picnic.

MINERS ASK FOR CHANGES

**Clyde Coal Company's
Mine Closed by Rea-
son of Strike**

KICK ON WAGE SCALE

Officials of the miners' organization are hopeful that the strike at the mine of the Clyde company near Fredericktown which has been in progress since April 1 will be settled shortly. The men struck there for the Pittsburg scale agreed upon at the Cleveland convention, and the mine has been idle ever since. For the past four years the mine has been operated non-union, and it is stated that prices paid for mining have been as low as 50 cents for a three-ton car of coal. Conditions were so bad, it is said, that the men struck for the new scale when it went into effect in the Pittsburg district. The operators have made some concessions, but the men are standing out for the scale as paid elsewhere in the district.

A meeting of the miners was held Thursday at which the men voted to stay out a year if necessary. The meeting was addressed by National Organizer Walter Montgomery and Assemblyman William Feeney. It is stated that the company is very anxious to resume operations, and a settlement is expected soon.

QUOTE ACT OF ASSEMBLY

**Not Permitted to Drive Past
Cars Receiving or Dis-
charging Passengers**

Some complaints have been heard about the streets recently of violations of the laws governing the regulation of the driving of motor vehicles. A few weeks ago objections were made to automobilists using Fifth street for a testing ground. Now the objection is to drivers of motor vehicles driving past street passenger cars, while passengers are being taken on or discharged. It is claimed several instances have been noted of this violation and it is stated in a few cases people narrowly escaped being injured.

Not only Charleroi but Monongahela and other towns and cities along the Monongahela valley are complaining of the violation. A copy of the law on the matter follows, being a portion of Section 14, of an Act of the Assembly of 1909:

"When a motor vehicle meets or overtakes a street passenger car which has stopped for the purpose of taking on or discharging passengers the motor-vehicle shall not pass so close to the side of the passenger car as to endanger the safety of the passengers."

In another section the fine for violation of the act is given as not less than \$10 nor more than \$25 for the first offense, not less than \$25 nor more than \$50 for the second offense and \$50 to \$200 for the third offense.

ORCHESTRA TO GIVE CONCERT AT PARK SUNDAY

Sunday will be observed at Eldora Park by a sacred concert in the afternoon and evening. Wheeler's orchestra has been engaged for the occasion, and special programs will be rendered at both concerts. The Friday night dance at the park was well attended a large company of young people from the nearby towns as well as Charleroi being in attendance.

Notice.

On and after June 1 the ordinance regulating the style and size of garbage cans to be used in the borough will be strictly enforced. All barrels and boxes found by the collector will be hauled away with their contents, and extra fees charged for receptacles found containing garbage in excess of the regulation can, which is 24 by 16 inches in size. SIGNS OF PROGRESS.

Ta say that because there is today three times as much social unrest as there was 25 years ago, therefore social conditions are three times as deplorable, would be absurd, says Rev. Charles Stelze. No one would insist that the present uprising among the peasantry of Europe and Asia indicates that conditions in this century are worse than they were when the common people were too thoroughly under subjection to protest, to mutter what their condition.

The world is growing better. Crime seems blacker because there's more white to set it off. The present social unrest is one of the most hopeful signs of the times. Social conditions in New York City, for instance, were relatively worse 100 years ago than they are today.

There were never so many agencies at work in our cities to purify them. For years the church and labor have been raising the standard of living among working people, each in its own sphere. Only the pessimist sees the eddy in the stream, which seems to indicate a backward course. The flood in the midst of the stream shows the real tendency.

A DELIGHTFUL OUTING.

The school picnic held at Eldora park yesterday was one of the most delightful outings ever given to the children of Charleroi. An ideal day, with Nature in the full bloom of all her glory, green grass, unbragous shade, with the sensations and thrills of the park amusements at their disposal, all combined to make the day a memorable one to the juveniles of Charleroi.

This outing was all the more delightful after the hard work and restraint of the long school term just ended. To many of the children it will be the one bright spot of the whole year. Many of them will not get to the park again this year, and many will not even ride on the street cars again during the season. To these the outing means much and the pleasure it conferred on this class alone makes it worth all the effort of those who generously donated their time to help manage the outing. Eldora park is a delightful outing resort, and the elders who spent the whole or part of the day there with the school children are better off today for the rest they enjoyed in the open.

ELECTRIC SPARKS

If there is anything more tantalizing than a cold in cold weather it is a cold in hot weather.

How in the world is a fellow going to pay any attention to the bewhiskered bit of advice about the draught when it is 192 in the shade and he has to have the electric fan breaking speed records.

Take circus day and you can usually get an electric fan to run twice as fast and make four times as much noise as it does on an ordinary day.

One of the most aggravating things in the world is to board at a place where a brilliant 10-year old has a room hour as the time when the piano torture so she will play any time at the serious playing house the rest of the day.

Perpetual franchises bid fair to be good museum spectacles in a few years.

Some people seem to consider school teaching and life sentence the same thing.

If McKinley were living today he could afford to sit back and enjoy the campaign with the same kind of enjoyment that a newspaper man does a prize fight.

PICKED UP IN PASSING

"Peculiar tests are given people to determine whether or not they are insane," said a Charleroi man Thursday. "How they find from them anything about a man's mentality is a question, but the experts seem to think they know, so we have to let it go at that. Some of the tests given to Rev. C. T. V. Richeson, who went to death for the murder of his sweetheart, Avis Linnell, I read in a paper the other day. Here is the clipping:

"Mr. Richeson can you sing?" asked one of the doctors.

"Oh, yes," replied Richeson, "I can sing."

"Will you sing for us?"

"Certainly, what shall I sing?"

"Oh anything."

Then Richeson sang two verses of an old love song in a low but clear voice.

"Where did you learn that song?" he was asked.

"I was taught it when I studied elocution," he replied.

"Yes, I can whistle."

"Yes, I can whistle."

"Will you please whistle for us?"

Richeson whistled softly a verse of a hymn. It was one of the most familiar of the church hymns.

Here are some of the other tests to which Richeson was subjected:

His knee caps were tapped with silver hammers.

He was blindfolded and made to jump, first on one foot and then on the other.

He was pricked all over his body with a gold pin.

His eyelids were twisted this way and that.

He was forced to hold his hands extended so that the trembling of the fingers might be observed.

He was put through a brisk series of gymnastic "stunts."

He was made to hop about the room semi-nude.

He was questioned vigorously on incidents in his life for a year back.

He was made to walk a tape, stretched along the floor.

He was made to squat down on his heels and then rise again, his eyes blindfolded, time and again.

He was tapped on the tendon above the heel with the little silver hammer.

At the end of seven hours of the examination, the long strain broken only by a recess for lunch he walked steadily to his room, hope and confidence in his haggard face, while the exhausted aliens sped in taxicabs to their homes.

Speaking of the craze of American girls to marry titled foreigners, a woman who lives not a thousand miles from Charleroi is quoted as expressing her opinion in the following terse language:

"Yes, I'm opposed to American girls marrin' furriners. I'm just that opposed that if my own girls can't marry people of their own sex they needn't marry at all, and that's all there is about it."

DOCTORS

GAVE HER UP

Mrs. Stuart Finally Saved By
Lydia E. Pinkham's Vegetable Compound—Her Story Interesting.

Elmo, Mo.—"I think your Vegetable Compound is wonderful for it has helped me. I had four doctors and they said I had female troubles and a tumor and nothing but an operation would help me. I could not sit still long enough to eat, and could sleep hardly any I was in so much misery with pains in my side and back.

"A year ago last spring my doctor gave me up, and he was surprised to see me this spring and to see my condition. I give Lydia E. Pinkham's Vegetable Compound the praise wherever I go for I know I would not be here today or have my fine baby how I had not taken it."

—Mrs. SARAH J. STUART, R.F.D. No. 2, Box 16, Elmo, Mo.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

as little, but by the time each committee adds a little to the expense the total amount added is a large sum.

"While with a commission composed of three men every member would know exactly what was going on and the expenses of the borough could be kept as low as would be consistent with the borough's actual needs."

The estimated budget of expenses for the borough for the ensuing year is \$73,667.87. The assessed valuation of the borough of Washington is \$11,471,215.

The finance committee recommends that the number of patrolmen be reduced to nine and that the salaries of patrolmen be \$65 per month, beginning June 1, 1912 and the salaries of the four firemen remain at \$75 per month. The amount required will then be as follows:

Burgess \$1,000.

Solicitor \$1,200.

Secretary, \$1,500.

Engineer, \$1,500.

Janitor, \$240.

Sewer inspector, \$720.

Street commissioner, \$900.

Fire chief, \$1,200.

Four firemen \$3,120.

Chief of police, \$1,200.

Nine patrolmen (March, April and May, 1912) at \$70 per month, \$2,319.

Nine patrolmen, June 1, 1912, to March 1, 1913, \$5,265.

The following appropriations were recommended:

Salary account, \$21,285.

Street account, \$7,822.

Fire account, \$1,930.

Board of Health account, \$1,520.

Light and Heat account, \$18,919.69.

AMONG THE THEATRES

THE PALACE—CHARLEROI.

One of the innovations recently adopted at the Palace Theatre is that of continuous shows. Heretofore it was the custom to have a three-minute wait between each show, in order to give the orchestra a breathing spell. Now performances will be continuous, a feature that will be greatly appreciated by the audiences. A splendid detective story was a feature this week, which showed how a clever sleuth ran down and arrested a gang of counterfeiters. The process was carried out in a manner that would have done credit to W. J. Burnes himself. The Pathe Weekly was replete with good things, one of the best features being a baseball game on the Polo grounds at New York between the Nationals of that city and Boston. Herzog's home run was graphically shown. A ski contest in Norway, a visit of the German Kaiser to Bremen, and the funeral of General Frederick Grant were also shown, as well as the cable ship, which brought home the bodies of the ill-fated Titanic. "The Wedding Feast" "Where the Money Went", and the "Wooden Bowl" were some of the strong photo-plays of the week. Manager Barnhart has some big features in prospect, which he will announce as soon as they are released.

THE STAR—CHARLEROI.

A big three-reel feature at the Star Theatre this week was "A Victim of the Mormons." This showed some of the dark deeds of the sect which, entrenched in their desert fastness in Great Salt Lake City for a time defied even the United States Government and took law and social government into their own hands. Other great films of the week were "A Love of Long Ago," "Checkmate," "The Girl of the Grove," "The New Village Doctor," "The Unending Love" and "Scenes From the Titanic." "After the Carnival" was also a pleasing drama. Manager Cowan announces that he has some big features in prospect which will be secured as soon as released.

THE COYLE—CHARLEROI

In addition to the regular repertoire of the latest and best films Manager R. S. Coyle had a big feature at the Coyle Theatre this week, which was presented Wednesday. This was Wilson Barrett's famous story, "The Sign of the Cross." This thrilling story of the Christian martyrs was a two-reel hand colored film, which showed the persecution of the Christian forefathers by pagan Rome. Showing the primitive life led by the outcast Christians, the picture gave the sumptuous court scenes of Nero, with his court of beautiful women, and the thrilling scene of the Christians thrown to the fury of the wild lions of the coliseum. Accompanying the picture, which required 500 people in the cast and \$36,000 to produce, was an excellent lecture by Miss Lydia M. Jones, a most talented speaker, who gave a graphic description of the great historical event shown in the pictures. Among the leading picture plays of the week were "The Staff of Age," "From the Path Direct," and "The Signal Code," a story of the most guarded book in the world.

How You Can Secure These Valuable Premiums

Great Word Contest Directions—

READ CAREFULLY:

To make the name Strohber well known in every home we have inaugurated this great word contest. Take the two words STROHBER PIANO, and see how many words you can make, using only the letters contained in the two words STROHBER PIANO. Use any of these letters as many times in a word as necessary. Use any letter in either word to spell words.

EXAMPLE 1—In the word STROHBER you have the letters of which you can make the word HER or the word STORE or the word TREE. The letters used in the words HER and STORE and TREE are all found in Strohber.

EXAMPLE 2—In the word PIANO you have the letters of which you can make the word PAN or the word PIN. The letters used in both the words PAN and PIN are found in PIANO.

EXAMPLE 3—Mix the letters of both words when you must with such words as STRAIN and NEAR.

To the person making the greatest number of words of the letters in STROHBER PIANO we will give absolutely free this fully equipped new 1912 model 4-Passenger Ford Automobile. To the person making the next greatest number of words from the letters in STROHBER PIANO we will give absolutely free this famous 88-note Strohber Player Piano.

To all other persons making the next greatest number of words from the letters contained in the two words STROHBER PIANO we will give absolutely free the above prizes as listed and in order of merit. All words must be those contained in Webster's Unabridged Dictionary. Replies must be at our office or mailed to us at the closing of this contest. Only one person in a family can enter. In event of a tie duplicate premiums will be given. All persons entering this contest will receive free a premium. You will be notified by mail and all prizes must be called for within ten days from closing of contest.

For many years piano manufacturers and dealers have tried to reduce selling expense of pianos. The old way of paying solicitors, paying music teachers commissions and engaging great artists to play their pianos at fabulous sums are being eliminated. Now it is the question of the best advertised piano, and one in which the purchasers are given the greatest possible value. This is the age of co-operation and the manufacturers correctly believe that the best way to market and introduce their product is to spend the advertising money in making special offers to the people rather than employing world-famous demonstrators at fabulous expense and making the people pay for such methods by asking a greatly inflated price for the piano. We know you will appreciate this extraordinary offer.

Send your answer today. Contest closes June 5th, 1912, 6 P. M. Strohber Piano Co., World's Largest Manufacturers of High-Grade Pianos. (Capital \$1,500,000.00). Factories Chicago and Milwaukee. ADDRESS ALL REPLY TO OUR EASTERN WHOLESALE OFFICES, STROHBER PIANO CO., 605 SMITHFIELD ST., PITTSBURGH, PA.
